FANTASY MOVIE-THEMED HOTELS

Let childhood memories absorb you in Seven Hotel's off-the-wall *Alice's Adventures in Wonderland*-themed suite.

Situated next to Paris' Latin Quarter, the suite takes its inspiration from the Lewis Carroll classic and features a toilet built for two with a chess game in between the seats, kooky clocks, coloured

ambient lighting, and Cheshire cat soft toys. You can nod off in a king-sized bed as mood fragrances seep throughout the colourful fantasy suite.

Other rooms in the quirky hotel include the 007-inspired suite, the ON/OFF room, and the Marie Antoinette suite. sevenhotelparis.com

WALKING TRAIL EL CAMINO DE SANTIAGO

El Camino de Santiago or St James' Way is one of the world's most revered walking tracks and follows the journey of the apostle James to his final resting place.

Those making the close to 800-kilometre Camino Francés pilgrimage, from the Saint Jean Pied de Port in France to Santiago de Compostela in Spain, now have some navigational help thanks to New Zealand mapping company Geographx.

The company has created a series of 3D maps that accurately chart the region's topography, so you know when that tough uphill slope is approaching.

As well as providing directional help, each of the waterproof and UV-resistant maps (they won't fade with age) provides information on accommodation, places to eat and sights to see along the way. caminodownunder.com
